Biographical Note

George Lockhart Rives was born on May 1, 1849 in New York City. He graduated from Columbia College in 1868. He earned the degree of Third Wrangler from Trinity College, Cambridge University in 1872. In 1873, Rives received his LLD from Columbia University's School of Law.

Rives served as Assistant Secretary of State under the administration of Grover Cleveland, from 1888-1889. In New York City, he held official positions of Corporate Counsel under Mayor Seth Low, trustee and officer of Columbia University and The Astor and Lenox Libraries, counsel and member of the Rapid Transit Commission and as president of the Charter Revision Commission (1900). He was author, among other books, of The United States and Mexico, 1821 -1848 (1913). George Rives served as President of the Society of the New York Hospital from 1907 until 1914. He died at his home in Newport, Rhode Island on August 18, 1917.

Preface

Adele A. Lerner, Archivist, New York Hospital-Cornell Medical Center, among a mass of loose, disorganized papers at New York Hospital-Westchester Division, found this collection in 1984. There is no clue as to how they got there.

Biographical Note

Edward Wright Sheldon was born on December 17, 1858 in Plainfield, New Jersey, the son of the Reverend George Sheldon and his wife, Martha Lyman Sheldon. He graduated from the College of New Jersey (Princeton University) in 1879 and received his law degree from Columbia two years later. He held a variety of banking positions in New York City, eventually becoming Chairman of the Board of the U.S. Trust Company. In addition, he was director of numerous insurance companies.

In 1906, he became a Governor of The Society of the New York Hospital and was elected its President in 1919. During his fifteen-year tenure, he led The New York Hospital to affiliation with Cornell University Medical College and was instrumental in the construction of the present Medical Center. He died suddenly while still in office on February 14, 1934.

Biographical Note:

Born in New Haven, Ct. on January 3, 1896, Hamilton Hadley was the son of Dr. Arthur Twining Hadley, President of Yale University, and Helen Harrison (Morris) Hadley. He began his educational career at the Groton School (1908-1914), then graduating from Yale College, Class of 1919 with a Bachelor of Arts Degree. Hadley earned his LLD, cum laude also from Yale in 1923.

After serving as Captain in the United States Air Corps, Hamilton Hadley entered the law firm of Winthrop, Stimson, Putnam & Roberts in 1929, where he later became a partner. Hadley was a trustee of the United States Trust Company from 1936 to 1968. In addition, he helped organize and finance public utilities such as Niagara Hudson Power Corp. and Commonwealth & Southern Corp.

Hadley’s association with The New York Hospital began in 1947 when he was elected to the Board of Governors. He became vice-president in 1951, and in 1953, succeeded John Hay Whitney as President of the Board. He served as President until 1956, whereupon Hamilton Hadley became an Honorary Governor of the Society of the New York Hospital.

Among his many other associations, Hadley was a trustee and former director of the Brearly School (1930-54), Associate Fellow of Branford College at Yale, Director of the Research Corporation from 1930, and counselor of the American Geographical Society. He was a life member of the American Museum of Natural History, the Academy of Political Science, American Geographical Society, and the Bar Associations of New York City and State. Hadley also belonged to the Country Club, the Downtown Association, the Yale Club (N.Y.), New Haven Town, the Graduate Club, Elizabethan (New Haven), and the American Yacht Club in Rye, N.Y.

In 1929 Hadley married Emily Hammond Morris. They have two grandchildren by their child, Rosalind Hadley Wells. Hamilton Hadley died at his home in Armonk, N.Y. on March 23, 1975 at the age of 79.

Scope and Content:

The bulk of the Hamilton Hadley Papers encompass the years 1946-1965. During this period, Hadley was elected to the Board of Governors, became Vice-President and President of The Society of the New York Hospital, and was a member of various committees of the Hospital, among these being the Westchester Division Committee, Executive Committee, and the Joint Administrative Board. The records kept by Hadley while he was Vice-President and President are a valuable part of the collection and quite extensive. Their importance is marked by the subjects covered, including the affiliation between The New York Hospital and Hospital for Special Surgery, legal problems resulting from the construction of the Cross Westchester Expressway through Westchester Division property, the use and development of the land on York Avenue.
specifically 1319 York Avenue, between 68th and 69th Streets, and the block adjacent to Memorial Hospital.

Papers relating to fundraising and contributions are found throughout the Hadley Collection, since this was the major function of the Board of Governors of the Society of the New York Hospital. This Collection also includes records from the Fund for Medical Progress (1961-66) and the New York Hospital-Cornell Medical Center Foundation, Inc. both of which Hamilton Hadley devoted much time and effort.

Of particular interest is the four volume Reconnaissance Report of The New York Hospital undertaken by management consultants Cresap, McCormick, and Paget in 1954, while Hadley was President. This study attempts to define the "organizational and procedural problems" existing and to provide solutions and proposals to rectify these problems.

Non-Manuscript Material

A 12” x 16” black and white portrait of Hamilton Hadley (c.1940) has added to the Archives Photograph Collection.

Index to Correspondents

This is only a partial listing of correspondents found in the Hamilton Hadley Papers. Laurence Payson, Secretary to the Board of Governors during most of the time covered by the Hadley Collection, corresponded frequently with Hadley. His correspondence is found throughout the Collection; hence, Mr. Payson is not mentioned in the Index.
